

Certificate of Analysis

AR306, Lot#240206 Cast Iron Powder CRM

AR306, Lot# 240206 - Certified Values		
	% Carbon	% Sulfur
Mean	3.48	0.0211
St Dev	0.04	0.0014
Exp Uncertainty	0.09	0.0031
k=2, @ 95% CI	n=40	n=40

Method of Analysis: ASTM E 1019-11, ARI-LAB-621

Primary (NMI)/GUIDE 34/ISO 17034 Reference Standards Employed:

NIST SRM	338, 107C
NCS	HC 11003, NS 56005, HC 11010
EURO	035-2, 481-1
JSS	102-8, 120-1
AR	AR306-22599, AR303-422G, AR306-71901, AR306-817B, AR303-811A

This product is a Certified Reference Material (CRM) traceable to the above-mentioned reference standards. All reference materials should be verified as fit for purpose prior to use. Analytical values are accredited under Alpha Resources, LLC ISO/IEC 17025 and ISO 17034 accreditation issued by ANSI National Accreditation Board (ANAB). Refer to certificates and scopes of accreditation AT-1200 and AR-1920. Each bottle 150 g of powder and is intended for use directly from the bottle without preparation. Typical nominal test sample size was 0.3 to 0.5 g as recommended by the instrument manufacturer.

The intended use of this reference material is for the calibration and validation of induction combustion analyzers with IR detectors as described in the above ASTM methods. The mean analytical values were derived by separate data sets with traceability to the above-mentioned reference standards. Metrological traceability is to the SI derived unit of mass fraction expressed as percent. The precision values represent the estimated mean value and uncertainty derived from the data sets utilizing ANOVA, ISO Guide 35, and the Guide to Uncertainty Measurement. Refer to the test method for additional information related to measurement uncertainty.

While unable to determine a definite shelf life, this reference material should be reviewed every 10 years from the date of certification. Keep sealed and store under normal laboratory conditions. Remedies for any claimed defect in this product will be limited to product replacement or refund of the purchase price. In no event shall Alpha Resources be liable for incidental or consequential damages. This certificate cannot be reproduced except in full. Produced in accordance with ISO 17034.

Certification Date: 2024/04/16
